Getting Logs:

All logs must be labeled with customer's initials or street address (plus town) on the end cut of each log.

A \$200 deposit for each truckload of logs is due upon signing this agreement. This deposit will be full applied to the milling invoice provided a cut list is provided within two weeks of logs arriving at our yard. If cut list is delayed, a \$4.00/day/deposit storage fee will be charged and deducted from the deposit(s). At any point during that time when the cut list is provided, any remaining balance of the deposit will be applied to the milling charged. Horigan Urban Forest Products, Inc. (HUFPP) will continue to charge the storage fee up to 3 months from the logs arriving at our yard. If no cut list is made available by that point, customer will need to make arrangements to have logs picked up from our yard, or forfeit title of the logs to HUFPP at no charge (any deposit balance will be forfeit as pickup and storage charges).

Any lumber above and beyond the cut list requested by the client becomes property of Horigan UFP to use or recycle. Log pickup fee may apply.

Milling and Kiln Drying Terms:
